- Visitors are expected to maintain social distancing of 6' between all individuals. Unfortunately, physical contact must be avoided.
- If your loved one needs assistance, please alert one of our staff and they will assist.
- Upon completion of your visit, we ask that you please report back to the reception desk to sign out.
- Visitation locations will be disinfected after each visit.
- Residents who are in isolation or observation, and residents with suspected or confirmed COVID-19 status, irrespective of vaccination status, may not have visitors or attend off-site visits outside of compassionate care or end-of-life situations.
- The facility reserves the right to cancel, suspend or pause visitation at any time. If a new case of COVID-19 is identified at the facility, visitation may be suspended for up to 14 days dependent upon Department of Health guidance.

Visitors may be required to leave at any time if they do not comply with the visitation guidelines.

Thank you for helping us keep your loved ones safe.
