## Traditional event gets a twist from balloon artist

HILDEBRAN

Cambridge House residents enjoyed a unique twist on the traditional Watermelon Social thanks to a visit by Becki the Balloon Lady. Residents savored sweet slices of fresh watermelon while Becki joined various colored balloons together to create monkeys, motorcycles and princess, among many other creations.

"As the residents relished

the sweetness of the seasonal favorite, watermelon, their smiles grew wider as Becki created balloon art on request," said Activities Director Cheri Hahn. "Becki's warm and outgoing personality combined with sticky fingers and smiling faces resulted in a fun summer afternoon."
