Seniors say 'Cheese!'

Hair, makeup, costumes and a camera was all Wexford House residents recently needed to feel like glamorous movie stars. The DePaul Senior Living Community in Denver were recently treated to pampering and a photo shoot. Activities Director Tabatha Funderburk collected and purchased some fancy clothes, accessories, hats and gloves for residents to wear. Teresa Vickers, an artist from Lincolnton, and Wexford House beautician Missy Tripodi, did residents' hair and makeup. "The residents were a little hesitant at first but once we showed them their first picture, they were impressed with the results. Everyone had a blast!" said Funderburk.
