The Just Us Band recently performed at Westwood Commons, a DePaul Senior Living Community in North Chili, for its fourth year.

The band based in Gates-Chili features Angeline Furiso on percussion and vocals, Jon DelVecchio on guitar and vocals and Salvatore Sorbello on keyboards. The band's lineup has been the same for 16 years.

Furiso and DelVecchio met when they started up a church group called Ghostbusters. All three members are retired, and enjoy performing classic rock and contemporary music for seniors at area assisted living communities and private events.
