Project of the Month: DePaul Properties celebrates ribbon cutting of \$31m, 143,000 s/f Upper Falls Square Apartments project

November 06, 2018 - Owners Developers & Managers (http://nyrej.com/section/ODM)

Upper Falls Square Apartments - Rochester, NY

Rochester, NY On October 18th, DePaul, along with many state and local officials, celebrated the ribbon cutting of Upper Falls Square Apartments. The new 143,000 s/f, two-building, \$31 million development brings quality affordable housing to the city's Upper Falls neighborhood, while serving DePaul's mission of improving people's lives and their community ties by offering clean, safe homes, and an array of supportive services. It's one of the largest single developments ever undertaken by DePaul.

Project of the Month: DePaul Properties celebrates ribbon cutting of \$31m, 143,000 s/f Upper Falls Square Apartments project : NYREJ

Building A, which contains 114 apartments, is named in honor of Ellen Stubbs. Stubbs, who passed away in 2012, was a nurse and deeply committed to her community, giving her time and talent to the Anthony L. Jordan Health Center, Community Health Care Association of NY, and other local organizations.

The mix of siding colors and stained-glass siding give the exterior great curb appeal. Each building has its own Community Room that not only has a private kitchen, but is visible from Cleveland St. at night with special lighting concepts that create a mix of colors displayed through the glass walls. Continuity of form and material lend an overall campus-like quality to the project without diminishing the individual presence of each building, echoing the way DePaul fosters individuality in its clients, while creating a sense of belonging to the community.

"The SWBR team, including M/E Engineering and Parrone Engineers, is proud to have teamed with DePaul and Christa Construction in the creation of Upper Falls Square," said SWBR principal Joe Gibbons. "The project will provide 150 units of new, high quality affordable and supportive housing for the City of Rochester's CONEA neighborhood. We believe that this project will make a positive and meaningful impact on people's lives for many years to come."
