

April 1, 2020

We continue to be intensely focused on the rapid rise of COVID-19 and its impact on people in our communities, country and around the world. As this virus continues to spread, our primary concern is clearly about the health and well-being of the individuals we serve and our dedicated DePaul staff members. We are so very grateful for the many caring individuals who are diligently working to provide the highest quality care during these challenging times.

The DePaul family has always worked hard to make a difference for our people and our communities. In these unprecedented times, we are forever grateful for the countless acts of humanity that raise our spirits and make each day brighter. As we share the special things our team is doing to bring hope and happiness to those in our care and to each other, we hope you'll join us in celebrating the good that we see at DePaul every day, as we navigate this journey together. Though circumstances may keep us apart physically, they don't have to keep us from connecting with the people we love. Phone calls or handwritten letters are welcomed. If you're able, consider facilitating a video chat using a computer, smartphone or tablet. Please contact us by phone to schedule a time to electronically connect with your loved one.

DePaul is also doing our part to reach out to and recruit from those in impacted areas of our economy who may currently be unemployed and may welcome the opportunity to become part of the DePaul team. Visit the DePaul website at www.depaul.org/employment to search our careers.

Thank you for being a part of the DePaul family.
