

April 3, 2020

Many of you kind and generous sewers and crafters have reached out during this time of need to see if we can use donated fabric masks made by your caring hands. We would welcome your donation of this resource.

Please call ahead to let us know when you'd like to drop off your donation of masks, place them in a bag, box or container, and leave them at the door. As per protocol, they will be sanitized and washed prior to use. From the bottom of our hearts, thank you for your outreach and support as we navigate this journey together.
