

BOOMERS & BEYOND

Submitted photos

The tradition of dyeing Easter eggs never loses its luster, no matter what age! Mix water with some colorful food dye and you've got a sure-fire recipe for smiles, as demonstrated by residents at Horizons, a DePaul Senior Living Community in Canandaigua. Residents Louise Huck (top), Daisy Blum (above), Carole Flint (below right) and Ruthie DePaul (below left) each took part in the fun, and residents enjoyed an Easter sing-along in the hallways. For more information, call (585) 396-3390, or check out Horizons on Facebook.
