## Local seniors have summer fun

Residents at the DePaul Senior Living Community in Cheektowaga have been “traveling” all over without ever leaving home, this summer.

A recent themed evening had residents laying down bets of Glenwell Bucks as they participated in a casino night. Glenwell is a community within DePaul Senior Living.

In addition to having snacks and punch, residents were able to play games including high low, blackjack, poker and bingo as well as slots on iN2L, a person-centered engagement technology with touch screen capacity.

Residents also recently participated in an luau night complete with hula dancing, flower wreaths and an ice cream bar.
