## Local seniors celebrate Elvis

Residents at Glenwell, a DePaul Senior Living Community in Cheektowaga, recently honored the birthday of Elvis Presley with the use of technology.

Residents honored the day utilizing IN2L and Rendevar technology with activities including watching Blue Hawaii, touring Graceland, playing Wheeling of Fortune: Elvis Edition and other activities. Residents also had a twist on the late singer's favorite snack – peanut butter banana bread.

For more information about Glenwell, contact Administrator Tina Hagen or Marketing Director Stacy Jasinski at 716-608-7000. Hagen can also be reached at thagen@depaul.org and Jasinski can be reached at sjasinski@depaul.org. You can also visit Glenwell's Facebook page.
