Element 6: Auditing and Monitoring

I. Internal Audits

Ongoing evaluation is critical in detecting non-compliance and will help ensure the success of DePaul's Compliance Program. An ongoing auditing and monitoring system, implemented by the Compliance Officer and in consultation with the Compliance Committee, is an integral component of DePaul's auditing and monitoring systems.

Results of all auditing and monitoring activities will be reported to the Compliance Committee and Board of Directors.

II. Compliance Plan Integrity

Additional steps to ensure the integrity of the Compliance Plan will include:

I. Violation Detection

DePaul maintains a formal confidential and anonymous compliance reporting process to encourage the reporting of any compliance concerns. Affected Individuals must promptly report any compliance concerns to the Compliance Officer, the immediate supervisor, a member of Management, or a member of the Compliance Committee. Service recipients, vendors, and any party conducting business with DePaul may report compliance concerns to the Compliance Officer through the confidential or anonymous reporting process.

As part of its Compliance Program, DePaul will ensure that all reports of compliance concerns are immediately and objectively investigated and resolved promptly. Such investigations may be conducted by the Compliance Officer, members of the Compliance Committee, other employees or external parties as indicated or recommended by the Compliance Officer, the President or legal counsel.

The Compliance Officer will take immediate measures to secure relevant evidence or documentation and will ensure the confidentiality of any information obtained from a report, interview or through an investigation, unless otherwise required by law.

Unless a potential conflict of interest exists, the Compliance Officer will inform the President or Chief Legal Officer of any pending investigations. The Compliance Officer or President will arrange to retain legal counsel, as deemed appropriate.

II. Reporting

The results of the investigation and remedial actions will be communicated confidentially to the President, members of the Board of Directors, and other employees based on a need-to-know basis. The Compliance Officer shall report to the Compliance Committee regarding each investigation conducted unless conducted under attorney privilege.

At the conclusion of an investigation involving legal counsel, they shall issue a report to the Compliance Officer, President, and Compliance Committee summarizing their findings, conclusions, and recommendations and will render an opinion as to whether a violation of the law

has occurred. The report will be reviewed with legal counsel in attendance. Any additional action will be on the advice of counsel.

III. Rectification

If the Compliance Officer, in consultation with legal counsel, identifies credible evidence or credibly believes that a State or Federal law, rule, or regulation has been violated, the Compliance Officer will promptly report such violation to the appropriate governmental entity, where such reporting is otherwise required by law, rule, or regulation.

If the Organization identifies that an overpayment was received from any third-party payer, the appropriate regulatory (funder) and/or prosecutorial (attorney general/police) authority will be appropriately notified with the advice and assistance of counsel.

It is DePaul's policy to not retain any funds received from overpayments. Overpayments will be reported and refunded to Medicaid and Medicare in accordance with the appropriate self-disclosure protocols and any required time frames.

In instances where it appears that an affirmative fraud may have occurred, appropriate amounts shall be returned after consultation and approval by involved regulatory and/or prosecutorial authorities. Systems shall also be put in place to prevent such overpayments in the future.

IV. Recordkeeping

Regardless of whether a report is made to a governmental agency, the Compliance Officer shall maintain a record of the investigation, including copies of all pertinent documentation. The Compliance Officer will organize the information so that the Organization can determine if an infraction occurred. The Compliance Officer will securely maintain all notes of the interviews, all evidence and review of documents as part of the investigation file. This record will be considered confidential and not released without the approval of the President or legal counsel.
